A Note From Your Mazkirim

Dear KIO,
This letter comes with mixed feelings. On one hand the two of us are excited to be at another convention that promises to be fantastic but on the other we are sad because this will be our last Quack and by the end of this weekend we will no longer be serving as your Regional Mazkirim. The reigns will be handed over to a new pair and although we will be hard to follow, we are confident that your 58th Regional Mazkirim will do a fantastic job for this

region. We are incredibly humbled to have been able to serve you for the past 12 months, and we hope you have enjoyed reading our Quacks, following us on twitter, getting annoyed to go to regional events and all of that. So with that being said we would just like to thank you for everything. Enjoy your time here at Regionals 2011, face your fears, make some new friends and remember to stop us whenever you see us, we love to talk!

A Letter From The Coordinators

Dear KIO,
We are so excited that you are here at Regionals: Fear Factor! We have worked so hard on this convention and hope that you have the time of your lives! At regionals we will elect a new regional board, have a sick dance, and reunite as a region. We also hope that you meet friends that share the same fears as you, face and conquer your fears, and most importantly HAVE FUN! This is one of the best conventions so don't be afraid of anything and don't let anything hold you back! Prove to us that fear is not a factor for you.

Love,
Jacob Frankovitz and Rachel Klein

BBYO gives you the opportunity to try whatever it is that you want to do and even if you fail only positives will come out of it and even if negatives do arise they immediately disintegrate upon your graduation of BBYO. Leave no blemish on your future. Take advantage of this because as far as I'm aware BBYO is the only place where this is true.
